

ATLAS 4050 PORTABLE MAGNETIC CORE DRILL

Features / Benefit :

- Light weight (15Kgs) and powerful (1100 W) Motor for maximum 400mm capacity
- Adaptable for Twist Drill (16mm) Chuck applications
- Single speed to ensure cutting precision tool life
- External coolant system for extended tool life
- Strong Dual Coil Magnetic Force (12000 W)

SPECIFICATION

Input Voltage	230 Volt/ 1 phase/ 50 Hz
Rated Input	1100 Watt
Core Drill	12 - 40 mm
Twist Drill	1-16 mm
Counter-Shank	10 - 40 mm
Drill Depth	50 mm
Single Speed	450 rpm
Cooling	Gravity
Arbor Shank	One Touch & 19mm Square Shank
Stroke	141mm
Max. Adjustable Height	239mm
Magnetic Force Weight	12000N
Weight	18.5Kgs
Stock No	5039003850

ATLAS TCT CORE CUTTERS

The World's Toughest Cutter- ATLAS, are designed and manufactured by TCT to drill holes in the world toughest materials. The super tough PVD (Physical Vapor Deposition) coating provides unrivaled surface hardness, friction free cutting face & better heat transfer at the surface. These great benefits allow ATLAS to drill through Hardox, Weldox, Abro, Armour Plate & Duplex as if it was mild steel. With fantastic tool life ATLAS saves time and money for the user on every occasion.

Size Range	12mm - 100mm Ø
Cutting Depths	1", 2", 3", 4", 6"
Max. Tensile Strength	<1600RM (N/mm2)
Ideal for	The toughest materials

ATLAS 4" ANGLE GRINDER

SPECIFICATION

Input Voltage	230 Volt/ 1 phase
Rated Frequency	50 Hz
Rated Input Power	1100 Watt
No-Load Speed	12000 rpm
Max. Wheel Diameter	100 mm
Weight	2.3Kgs
Stock No	5039019720
